

OFFICE OF THE CITY MANAGER
CITY HALL -- THIRTEENTH FLOOR
455 NORTH MAIN STREET
WICHITA, KANSAS 67202-1695
(316) 268-4351

January 2006

To: Property Owners/Interested Parties in the North Industrial Corridor (NIC)

The City of Wichita has implemented a program to conduct an environmental study and develop a remediation program for the groundwater contamination within the North Industrial Corridor (NIC) – *see attached map*. This action is possible through an agreement between the City of Wichita and the Kansas Department of Health and Environment (KDHE). In addition to the City of Wichita/KDHE agreement, the program for the NIC consists of the following components:

1. Deletion of superfund status for the entire site by the United States Environmental Protection Agency.
2. Agreements with a number of businesses in the NIC site to assist in funding the investigation and clean up of the site.
3. An agreement with local lending institutions to accept certificates and release of environmental liability.
4. Establishment of a Tax Increment Financing district that covers the site boundaries to provide secondary funding for the investigation and clean up.

Prior to the City of Wichita taking responsibility for the investigation and cleanup, property values had declined and lending institutions were reluctant to make loans because of the potential for incurring cleanup liability. Several major banking institutions have agreed to make loans to qualified applicants who have been certified as "innocent" property owners (those not contributing to the groundwater pollution) in the area. The City is now accepting applications for Certificates and Release of innocent property owners and other interested parties in the North Industrial Corridor.

The Certificate and Release program applies to property holders within the boundaries of the North Industrial Corridor as shown on the map. Generally, Certificates and Release are meant to facilitate property transactions, however, all persons with an interest in property are eligible to apply. Qualifying property holders must complete the enclosed **Application** and an **Environmental Disclosure Form**. It is important to note that business and residential Environmental Disclosure Forms are different. If you have any questions about the Application, Disclosure Forms or the Certificate and Release process, please contact the **Department of Environmental Services, 316-268-8351**.

While the contamination discovered in connection with a particular property does not necessarily preclude issuance of a Certificate and Release, it may complicate the investigation and lengthen the time necessary to process the application. It is imperative that the information provided in the Application and Disclosure be accurate and complete. False or misleading information will result in the revocation of the Certificate and Release and can result in penalty of law.

You may contact the Department of Environmental Services Office for further information or mail your completed application and disclosure form to:

**North Industrial Corridor Groundwater Project
c/o Department of Environmental Services
1900 East 9th Street
Wichita, KS 67214**

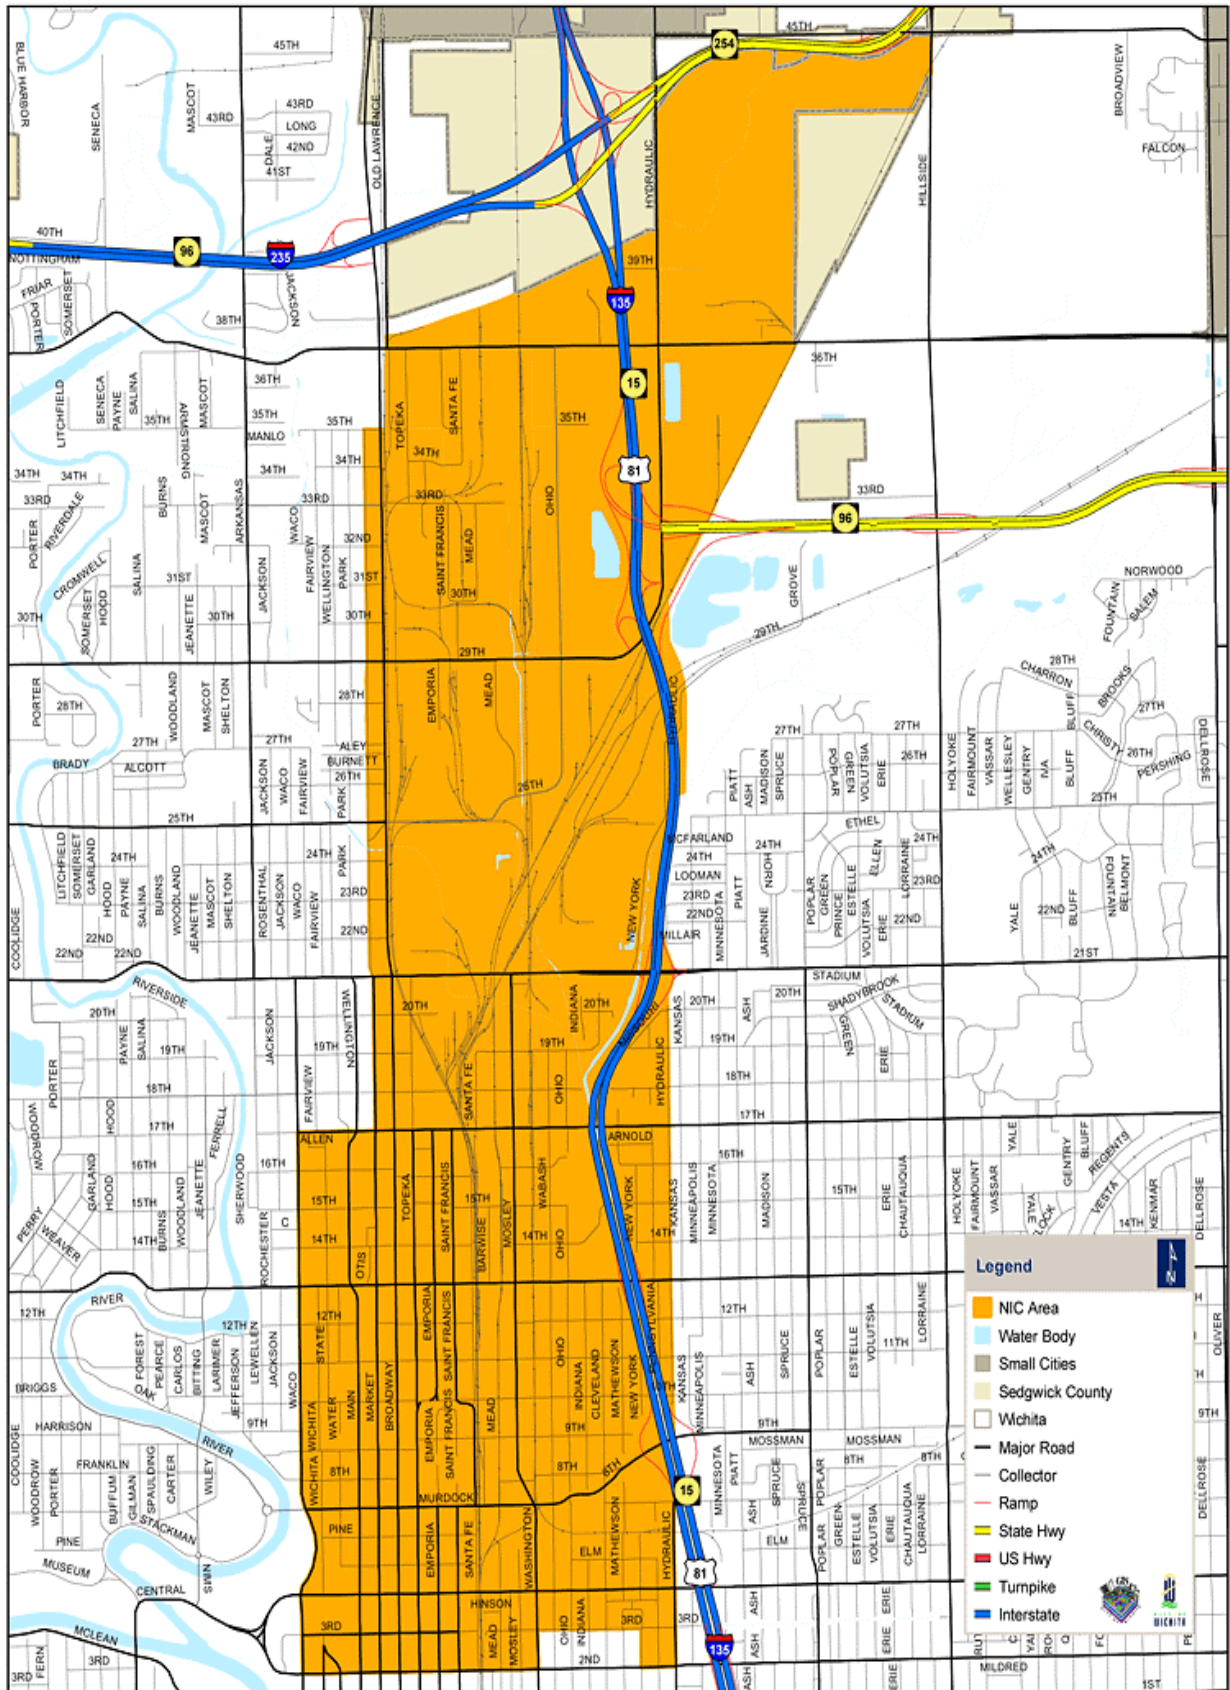

If you have a need to receive your Certificate and Release on an expedited basis, please indicate the nature of need in the filing of your application.

Thank you for your cooperation.

CITY OF WICHITA
NORTH INDUSTRIAL CORRIDOR REDEVELOPMENT DISTRICT
APPLICATION FOR CERTIFICATE AND RELEASE
FOR ENVIRONMENTAL CONDITIONS

1. COMES NOW,

(insert legal name(s) of party seeking certificate)

(insert full current mailing address)

("Applicant") and hereby certifies to the City of Wichita, Kansas, as follows:

2. That the Applicant seeks a Certificate and Release for Environmental Conditions for the property located at:

(state street address of property within the North Industrial Corridor area)

3. That the Applicant is the owner, operator, or holder of a security interest or other equitable interest in the above-described property, and that the interest held in the property is:

(state whether owner, operator, lender, or other -- describe fully)

The Owner of Record is: _____

(if different than Applicant)

4. That the Applicant has personally inspected the property described in 2, above, and has made all reasonable inquiry into the current uses of the property, and has determined that one of the following conditions apply: (circle appropriate letters)

a. Residential. The property is a residential use property and is not and has not been used for commercial or industrial uses.

b. Commercial or Industrial. The property is or has been used for a commercial or industrial use. The Applicant states that it has undertaken a diligent inquiry of the environmental condition of the property, and to the

personal knowledge of the Applicant, provided all information requested on the attached Environmental Disclosure Form and a copy of any environmental investigation reports performed on the property is enclosed herewith, and based upon the information identified therein, that such property during the period of interest of the Applicant is not, or has not been, the source of any release or threat of release of hazardous substances (as defined by Federal or State law or regulation), hazardous wastes, toxic chemicals, petroleum or petroleum products or other pollutants or contaminations ("Hazardous Substances") regulated under Federal, State, or Local Statutes, ordinances, regulations or guidelines ("Environmental Laws").

- c. Lender. The Applicant is a lender on the property and has provided in good faith and to the best of its knowledge all additional information available to the Applicant concerning the environmental conditions of the property. Applicant is not liable or responsible for the submission of any false or misleading information, prepared or submitted by others relative to this property unless Applicant knows, or has reason to know, such information to be false or misleading.
5. That the Applicant makes this certification in anticipation of the benefits of a Certificate and Release for Environmental Conditions which may be granted to the Applicant by the City of Wichita and on behalf of the Kansas Department of Health and Environment ("KDHE") under the authority of a Settlement Agreement of March 26, 1991, between the City and KDHE ("City/KDHE Agreement"), and acknowledges that, if the facts stated herein or any information provided in connection herewith are found to be false or misleading, the Certificate and Release for Environmental Conditions will be null and void and of no effect, and the Applicant may be subject to penalty of law for providing false statements.
6. That the Applicant acknowledges and agrees that the KDHE's release and covenant not to sue provided in the City/KDHE Agreement is applicable and enforceable only if certain obligations of the City hereunder are being met and if such obligations have not become void or unenforceable by the operation of law, by the terms of this Agreement, or for any other reason.
7. That the Applicant agrees to grant to the City of Wichita, its agent, consultants, or persons working in cooperation with it, whatever reasonable access is necessary for the completion of the activities contemplated in the City/KDHE Agreement and in accordance with paragraph 52 of that Agreement, provided that such grant of access is to the extent of the Applicant's authority to grant access and the Applicant has no obligation to obtain any such authority it does not now possess. Any test results obtained from the Applicant's property under this paragraph will be made available to the Applicant upon reasonable request.

8. This Application is provided solely for the benefit of the City of Wichita and is furnished to induce the City to issue a Certificate and Release for Environmental Conditions. Nothing herein is intended to provide to any other party any third party beneficiary rights or causes of action.
9. This Application is submitted with the understanding that in order to review and act upon the Application the City of Wichita may require additional information reasonably related to the environmental condition of the property or the corporate predecessors of Application.

IN WITNESS WHEREOF, I have hereunto affixed my signature on the date shown.

**RESIDENTIAL ENVIRONMENTAL DISCLOSURE FORM
NORTH INDUSTRIAL CORRIDOR
REDEVELOPMENTAL DISTRICT
CITY OF WICHITA**

Please answer the following questions to the best of your knowledge. This form is for **residential property only** and must accompany an **Application for Certificate and Release for Environmental Conditions** and all information hereon or attached is made a part of the Application.

Name of Applicant _____ Date _____
Business Phone _____ Home Phone _____ Property Tax Key Number _____
Legal Description of Property: _____

(1) Has this property ever been used for anything other than residential uses?
☐ NO ☐ YES

***If yes, please complete the Commercial/industrial Environmental Disclosure Form.

(2) Other than the general North Industrial Corridor groundwater contamination, are there any apparent or suspected areas of contamination of the property, including within buildings or other structures? ☐ NO ☐ YES

If yes, please explain: _____

(3) Other than the general North Industrial Corridor groundwater investigation, has this property been the subject of any environmental investigations by the U.S. Environmental Protection Agency, Kansas Department of Health and Environment, Wichita-Sedgwick County Environmental Health or other regulatory agency? ☐ NO ☐ YES

If yes, please explain: _____

(4) Is there a water well on this property? ☐ NO ☐ YES

If yes, has this well been tested? ☐ NO ☐ YES

If yes to either question – please explain and/or include a copy of the laboratory results.

(5) Is there a sump pit and/or pump on the property? ☐ NO ☐ YES

If yes, where is it located on the property and where does it discharge? _____

(6) Has this property ever been used for storage or disposal of any hazardous substance (as defined in the application) other than incidental household products? ☐ NO ☐ YES
If yes, please explain: _____

(7) To the best of your knowledge, are there any environmental-related problems associated with this property that have not been discussed above? ☐ NO ☐ YES
If yes, please explain: _____

(8) Is a loan pending based on the Release for Environmental Condition? ☐ NO ☐ YES
Is there a sale pending the Release for Environmental Conditions? NO YES If yes, please indicate the closing date _____ Other comments: _____

**COMMERCIAL/INDUSTRIAL ENVIRONMENTAL DISCLOSURE FORM
NORTH INDUSTRIAL CORRIDOR REDEVELOPMENT DISTRICT
CITY OF WICHITA**

Please answer the following questions to the best of your knowledge.

This form is for **Commercial /Industrial property** only and is to be submitted in connection with an Application for Certification and Release for Environmental Conditions; and all information hereon or attached hereto is made a part of the Application. This form may be electronically reproduced to facilitate answering the questions.

Name of Applicant _____ Date _____

Business Phone _____ Home Phone _____

Legal Description _____

Property Tax Key # _____

Street Address of Property _____

(1) General Information - Please use the following to detail the history of property use.

(a) SITE OWNERS

<u>OWNER</u>	<u>DATES</u>	<u>TYPE OF BUSINESS/SITE USE</u>
_____	From: _____ To: Present	_____
_____	From: _____ To: _____	_____
_____	From: _____ To: _____	_____
_____	From: _____ To: _____	_____

_____	From: _____ To: Present	_____
_____	From: _____ To: _____	_____
_____	From: _____ To: _____	_____
_____	From: _____ To: _____	_____

(c) Has this property been the subject of any environmental investigations by the KDHE, EPA, or other regulatory agency? ☐ Yes ☐ No ☐ Unknown

If yes, please explain or provide copy of documents. _____

Have there been any notices, orders, reports, etc., from or to any regulatory agency relating to the property and its uses? ☐ Yes ☐ No ☐ Unknown

If yes, please explain or provide copy of document. _____

(d) Has any type of environmental study been performed on this property?

☐ Yes ☐ No ☐ Unknown ***If yes, please identify and include a copy of the report.

(2) Disposal of Wastes.

(a) Are liquid or sludge wastes generated and/or stored on property? ☐ Yes ☐ No ☐ Unknown

(b) What do the liquid wastes consist of? _____

(c) Has any type of characterization of the liquid wastes been conducted?

☐ Yes ☐ No ☐ Unknown ***If yes, include copy of results.

- C1 -

(3) Status of Possible Contamination of the Site.

(a) Has any hazardous substance (as defined in the application) been disposed of on the property?

☐ Yes ☐ No ☐ Unknown If yes, please explain. _____

(b) Has the property ever been owned by any entity that used hazardous substances on the site?

☐ Yes ☐ No ☐ Unknown If yes, please explain. _____

(c) Provide information concerning any release of hazardous substances from or onto the property, of which you are aware, by any prior owner or occupant.

(d) Are there any apparent or suspected areas of contamination on the property, including within any buildings or other structures? ☐ Yes ☐ No ☐ Unknown If yes, please explain. _____

(e) Have all hazardous substances disposed of on the property or transported for disposal from the property been disposed of in compliance with federal, state and local requirements?

☐ Yes ☐ No ☐ Unknown

***If yes, give name, phone number and contact person, for each transporter utilized.

(f) If disposal of hazardous substances occurred on the property, state the date, method and location of such disposal. _____

(g) Has there been any test for, or specific knowledge of, contamination of subsurface soils or groundwater on your property? ☐ Yes ☐ No ☐ Unknown ***If yes, include copy of results.

(h) Have any hazardous substances been spilled or accidentally leaked from containers or equipment on the property? ☐ Yes ☐ No ☐ Unknown If yes, please explain. _____

(i) Has there ever been a PCB leak, spill, or other contamination affecting the property?

☐ Yes ☐ No ☐ Unknown If yes, please describe the area and the cleanup activities. _____

(4) Status of Usage of Chemicals

(a) During the period of your ownership or occupancy of the property, have chemicals been used or stored on the property? ☐ Yes ☐ No ☐ Unknown ☐ Not Applicable

If yes, please identify any and all chemicals used in connection with business activities. For each chemical identified, state: the quantity used; how and where it is stored; and how it is disposed of after use. _____

(b) If chemicals are stored on property, have all necessary reports been filed with OSHA, EPA, and other federal, state and local authorities? ☐ Yes ☐ No ☐ Unknown

If yes, please explain. _____

(c) If such reports were filed, do they meet federal, state and local requirements?

☐ Yes ☐ No ☐ Unknown

State the names of individuals familiar with the filings and the location of the files.

(5) Status of Water Pollution Control.

(a) Does the facility have any wastewater other than domestic sewage?

☐ Yes ☐ No ☐ Unknown

If yes, how is it managed or treated at present? In the past? _____

(b) Are there any pits, ponds, lagoons, tanks, oil/water separator tanks, or mud pits on the property? ☐ Yes ☐ No ☐ Unknown

If yes, indicate how and when the structures were used, and what compounds have been stored or discharged to them. _____

(c) Is the property connected to the City sewage treatment system? ☐ Yes ☐ No

(d) Is there a pollution control permit from federal, state or local authorities for any such discharge? ☐ Yes ☐ No ☐ Unknown If yes, please explain which agency the permit is with. _____

(e) Does the property have any records of water pollution discharges?

☐ Yes ☐ No ☐ Unknown

Explain the location of such records and the individuals familiar with them. _____

(f) Is there now or has there been a NPDES permit for the property? ☐ Yes ☐ No ☐ Unknown

(g) Is there any sludge accumulated from any water pollution activities?

☐ Yes ☐ No ☐ Unknown If yes, where? _____

(6) Status of Compliance with Requirements Relating to Petroleum Products.

(a) Are any petroleum products stored at the facility? ☐ Yes ☐ No ☐ Unknown

If yes, how much and where are they stored? _____

(b) Are there any underground storage tanks at the property? ☐ Yes ☐ No ☐ Unknown

Have they been registered with the Kansas Department of Health and Environment of other state, federal, or local agency? ☐ Yes ☐ No ***If registered, please attach a copy of the State Certificate.

(c) If applicable, please describe the location, age, construction, size and condition, of any underground storage tanks at the property. For each such underground storage tank, identify the petroleum product, solvent or other chemical that is being or was stored in the tank. _____

(d) Have the tanks been tested? ☐ Yes ☐ No ☐ Unknown

***If yes, please provide a copy of the results. If NO- please explain why they have not been tested. _____

(e) Have any underground storage tanks been removed from, closed in place or abandoned at the property? ☐ Yes ☐ No ☐ Unknown If yes, please describe. _____

(f) Have any tanks presently or previously located at the property leaked or spilled?

☐ Yes ☐ No ☐ Unknown If yes, please describe. _____

(7) Are there any water-wells on the property? ☐ Yes ☐ No

***If yes, for each well answer the following:

(a) Has this well been tested for water quality or presence of hazardous substances?

☐ Yes ☐ No ☐ Unknown

(b) If yes, was this well found to contain hazardous substances? ☐ Yes ☐ No ☐ Unknown

***If yes, please explain and/or provide a copy of the results. _____

(c) If known, what was the water-well used for in the past?

☐ Drinking ☐ Irrigation ☐ Manufacturing ☐ Cooling System ☐ Other (explain)

(d) What is the water-well used for currently?

☐ Drinking ☐ Irrigation ☐ Manufacturing ☐ Cooling System ☐ Other (explain)

(8) Is there a sump pit/sump pump on the property? ☐ Yes ☐ No ☐ Unknown

If yes, where is it located on the property, and where does it discharge? _____

(9) Is applicant the corporate successor of any other entity that was located on or owned the property? ☐ Yes ☐ No

If yes, list those corporate predecessors. _____

(10) Is a loan pending based on the Release for Environmental Condition? ☐ Yes ☐ No

Is there a sale pending the Release for Environmental Conditions? ☐ Yes ☐ No

If yes, please indicate closing date _____.

CITY OF WICHITA
NORTH INDUSTRIAL CORRIDOR REDEVELOPMENT DISTRICT
INSTRUCTIONS AND PROCESSING INFORMATION FOR CERTIFICATE AND
RELEASE

1. **RELEASE APPLICATION PACKETS** - Release applications (packets) are available at lending institutions having an agreement with the City of Wichita. In addition, packets are available at the Department Environmental Services.
2. **PACKET CONTENT** - Informational packets include: (1) Transmittal letter/instructions; (2) Map of the North Corridor area; (3) Application for Certificate and Release for environmental conditions; (4) Environmental Disclosure Forms for residential and commercial/industrial applicants; and (5) Processing Procedures and Instructions.
3. **APPLICATION** - All application questions must be answered and the application (pages 1-4) must be signed and notarized before the application can be processed. Applicants may call the Environmental Services Office (316-268-8351) for application related questions or to check the status of their application.
4. **DISCLOSURE FORM** - It is important to remember that there are different disclosure forms for residential (page R1) and commercial/industrial applicants (C1-C4). Applicants with residential property that have been used as commercial/industrial must complete the commercial/industrial disclosure form (C1-C4). Property Tax Key Number and legal description of the property can be found on your property tax receipt, or by calling the county clerk (316-660-9200).
5. **COMPLETED PACKET** - Packets may be delivered or mailed to Environmental Services for review. Please make a copy of the application and disclosure forms, for your own files, before returning the completed originals to Environmental Services.

North Industrial Corridor
C/o Department of Environmental Services
1900 East Ninth
Wichita KS 67214

6. **REVIEW PROCESS** - Packets will be initially reviewed to ensure that the Application for Certificate/Release and the Environmental Disclosure form have been fully completed, signed and notarized. Applicants will be notified if their application is incomplete or further information is required. Existing Environmental records will be checked for environmental conditions at the property including environmental activities, incidents or occurrences that are part of the record (underground storage tanks, hazardous spills, Resource Conservation and Recovery Act facility, etc.). The Environmental Disclosure Form will be reviewed by Environmental Services for indicators of hazardous material releases or potential for release. Outside reviews by the City's consultant will be requested in situations where earlier reviews warrant additional investigation. When warranted, a site visit will be conducted to investigate and document environmental conditions. The Kansas Department of Health and Environment (KDHE) Health Site Assessment Guidelines will be used to gather and record data. By submitting an application and obtaining a release, the applicant grants to the City a reasonable right of access to the property to conduct tests relative to the groundwater contamination. (See ¶ 7 of application)

7. EVALUATION AND RECOMMENDATION - Once the review is complete, a recommendation for final disposition will be made by Environmental Services. A release number will be assigned to locations awarded a Certificate and Release for Environmental Conditions. Disposition of all applications will be recorded and records will be maintained by Environmental Services.
8. PUBLICATION OF RELEASE - Prior to preparation of the Certificate and Release, information as to intent to release will be published once in the official City newspaper.
9. CERTIFICATE AND RELEASE - Certificate and Release for Environmental Conditions will be forwarded for the signature of the City Manager and City Clerk.
10. RECORD OF RELEASE - One copy of the Certificate and Release will be retained by the Department of Environmental Services. Applicants are encouraged to file a copy of the Certificate with the Sedgwick County Register of Deeds.
11. PROCESSING TIME - Processing time will vary according to the type of application (residential or commercial/industrial) and the complexity of environmental conditions. Residential applications will commonly be processed within a two-week period. Commercial/industrial properties will require a minimum of thirty days. Businesses that handle hazardous materials or use them in manufacturing processes will require a more detailed investigation. Applicants with a property transaction pending (buy, sell, develop) will be expedited, but full review will not be minimized.
